HEARTS ON FIRE: THE ROLE OF MULTI-MODALITY IMAGING FOR INFLAMMATORY CARDIOMYOPATHIES

Agenda

5:30-6:00 pm:

Meet and Greet
Seated for Dinner

6:00-6:10 pm:

Overview and Welcome

6:10-6:30 pm:

Two Brief Didactics

6:30-8:30 pm:

Fellow's case presentations from various
institutions; 10 minutes with 10-15 mins discussion
each

Date:

Monday, April 13, 2026

Time: 5:30-9:00 PM

Location: Sunset 44

118 West Adams, Kirkwood, MO 63122

Planning Committee

Brendan Caprio, MD, FACC

Saint Luke's Hospital-St. Louis

Farhan Katchi, MD, FACC

Washington University School of Medicine

Majesh Makan, MD, FACC

Washington University School of Medicine

Deana Mikhalkova, MD, FACC

Saint Louis University School of Medicine

Joshua Mitchell, MD, FACC

Washington University School of Medicine

Nishath Quader, MD, FACC

Washington University School of Medicine

Anupama Rao, MD, FACC

Saint Luke's Hospital--St. Louis

Toniya Singh, MD, FACC

St. Louis Heart and Vascular

HEARTS ON FIRE: THE ROLE OF MULTI-MODALITY IMAGING FOR INFLAMMATORY CARDIOMYOPATHIES

Call for Case Presentations

Please consider presenting your cases. We are particularly interested in cases where imaging played a role in making a diagnosis and distinguishing between pathology (example: HCM vs amyloid vs. hypertensive heart disease). Please let us know at your earliest convenience if you have any cases you would like to present.

As a general guide, please consider the following format for your PowerPoint slides:

- Introduction
- Learning objectives
- One slide on clinical presentation
- Two to three slides with imaging studies (videos, JPEG, etc)
- Conclusion/Management updates
- Two to three slides going over review of literature/learning points

Date: Monday, April 13, 2026

Time: 5:30-9:00 PM

Location: Sunset 44, 118 West Adams, Kirkwood, MO 63122
